Dear all,

Around the turn of the year 2019, the COVID-19 pandemic has brought exceptional challenges to us, exposing us to a world of unprecedented obstacles ahead. Not only do parents have to worry about whether there are enough medical supplies for offering protection against the pandemic, but also to ensure smooth arrangements for students to attend online classes at home. The aforementioned concerns have definitely brought both students and parents pressure and difficulties. On this account, I would like to take this opportunity to express my heartfelt appreciation to the teaching staff for their understanding and dedication. Your diligence and resilience have exerted an impact, by assisting students and adapting to the new model of online learning. To be frank, it would not have been possible for us to conquer challenges without your unceasing effort and devotion.

During the school suspension period, members of the PTA have worked ceaselessly to listen to the voices of the school as well as the parents. Above all, the PTA has tried its best to offer support and to cater to the needs of students and parents as much as possible. We strive to serve and safeguard the needs of both students and parents throughout this extraordinary period. Our first online annual general meeting was held successfully with the school's utmost support, as well as our Joint School Parent meeting and Parenting seminars.

## 主席的話

Along with the above mentioned activities, Joyful Fruit Day, which has always been very popular among students and parent volunteers, was held in a different format, with some healthy fruit and snacks distributed to students on the day they returned to school. Small gifts were also specially designed for our form 6 students as an encouragement before they sit for the DSE.

To further optimize and improve the services provided by the PTA, the Constitution has been revised into a new version that better suit the current situation. In addition, the PTA has allocated funds to upgrade the library computers, so as to enhance the adequacy of the learning environment and resources for students.

Life is unpredictable. Yet, we should certainly cherish and appreciate every moment in it. We must learn how to face difficulties optimistically and accept challenges courageously. It is during our darkest moments that we must focus to see the light. Even though we might not see the end of the tunnel, we should still have faith. I sincerely hope that students can return to school and resume normal school life in the near future, with parent volunteers joining us again soon. The PTA will endeavour to strengthen the connection between the school, parents, and students, despite the inevitable challenges ahead.

Once again, thank you for your continuous support over the years. May peace and good health be with you and your family.

God bless!

**Prudence Lai**  
Chairperson

## 校長的話

Dear Parents,

The school year of 2020/21 was another year of challenge. Classes have to be switched between on and off campus modes due to COVID-19. Despite that, we are more well-prepared for the change with the experience learnt in the previous year.

I take pride in the dedication and professionalism of our able staff members. Amid the limitations of online lessons, teachers made much effort in following up with students' learning and other needs to the best of their ability. Non-teaching staff worked to maintain school's smooth operation in a hygienic environment and to safeguard everyone's health on campus.

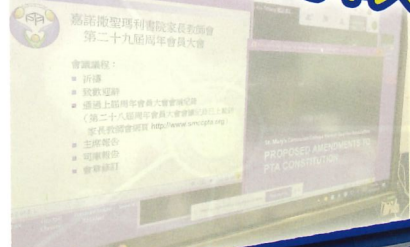

My heartfelt gratitude to the Parent Teacher Association for their care and concern for us. They have contributed much to maintain the service and activities for parents under the new normal. In addition, your support and patience throughout this trying times are very much appreciated. Let us pray that the pandemic will come to an end soon and school life be back to normal again.

As summer holiday is approaching, I wish you and your family a happy and healthful vacation. May God bless you!

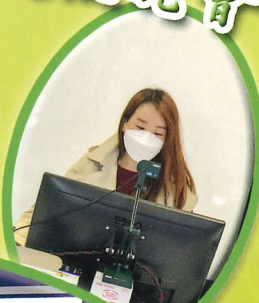

Yours sincerely,

**Janet Wong**  
Principal
